31 March, 2014

Dear Mr Ballantine,

**14/00186/FULL | New dormer and roof windows to upper apartment | Rear/1/2
14 Church Street Broughty Ferry Dundee DD5 1EZ**

This is a resubmitted application following recommendations by the case officer and the conservation officer.

The large dormer has now been put on the opposite (less visible) roof slope while the single large rooflight has been exchanged for two smaller ones on the (more visible) east facing roof slope.

This may be acceptable if the dormer's size is considered acceptable in its new location.

The proposed rooflights should be of an accepted conservation area type design, and the windows of the dormer should be of the sash and case variety.

This is a letter of representation.

Yours sincerely,

D.S. Hewick [Planning Secretary, Broughty Ferry Community Council]
